Choose between my timeless **Classic Headshots** for professional polish or my dramatic **Cinematic Headshots** for a unique and impactful statement.

My **Classic Headshots** are all about conveying trust, confidence, and approachability. This style focuses on clean lines, even and flattering lighting, and direct engagement. I utilize simple, distraction-free backgrounds that keep the focus squarely on you.

My **Cinematic Headshots** go beyond the traditional portrait, creating a more artistic and impactful visual narrative. This style incorporates more dramatic lighting techniques, evocative backgrounds (either softly blurred or intentionally included to add context), and posing that conveys a specific mood or personality.

### **Let's Capture Your Perfect Headshot**

Whether you're drawn to the timeless professionalism of our Classic Headshots or the dramatic storytelling of my Cinematic Headshots, I'm here to help you create an image that truly represents you.
